## CSA Presents Session Wrap Up

During the Thursday CSA Board of Directors meeting, CSA Executive Director Craig Sullivan briefed the membership on the final results of the 2018 Legislative Session, specifically the progress made towards the organization's financial and policy objectives.

CSA's top priority this legislative session was to secure a package of expenditure relief items for counties in the state budget. This relief is critical given recent court rulings regarding the Elected Officials Retirement Plan (EORP) and the need to put the plan on actuarially sound footing, which will lead to increased employer contribution rates. To this end, the following priorities were included in the state budget:

- The Arizona Department of Juvenile Corrections (ADJC): \$11.26 million in relief for FY19.
- In-Lieu Lottery Appropriations: As session law, continues payments for ten rural counties and adds \$550,000 to the JLBC Baseline for Mohave, Pinal and Yavapai counties in FY19 for the purpose of receiving an appropriation in-lieu of county lottery revenue, providing an additional \$1.7 million in ongoing relief to counties.
- Disproportionate Uncompensated Care Pool (DUC Pool): County payments made to the DUC Pool are not continued, a \$2.6 million savings for counties.
- Sexually Violent Persons (SVP) Payments: County reimbursements for 31 percent of the cost of the SVP population housed at the Arizona State Hospital were not continued, a \$3.26 million savings for counties.
- Elected Officials Retirement Plan (EORP) Relief: As session law, creates a one-time appropriation of \$1.7 million to offset the increase in EORP liabilities for the smallest eight counties (Apache, Cochise, Gila, Graham, Greenlee, La Paz, Navajo, and Santa Cruz).
- Restoration of 50/50 Cost Share of Maricopa Superior Court Judges: As permanent law, starting in FY20, the state will contribute 25 percent of the salaries and benefits of Superior Court Judges in Maricopa County. In FY21, this contribution increases to 50 percent of the judges' salaries and benefits which matches the state's contribution for the other fourteen counties' judges, a \$13.1 million savings to Maricopa County in FY21.
- County Flexibility Language: County flexibility language is again included in the budget, which allows counties with a population below 250,000 in the 2010 decennial census to use any source of county revenue to meet a county fiscal obligation for FY19, up to \$1.25 million of county revenue for each county. There are also additional flexibility allowances.

Other budget items that have a positive financial benefit to counties include:

- Highway User Revenue Fund (HURF): The passage of [HB 2166 vehicle fees: alternative fuel VLT \(Campbell\)](#) established an annual highway safety fee for registered vehicles to fund the Highway Patrol Division of the Department of Public Safety (DPS), a \$5.9 million increase to counties.

Sullivan also presented on CSA's efforts to support and defeat legislation with potential county impacts.
