## ACMA Conference

This week CSA attended the Arizona City/County Management Association (ACMA) Summer Conference.

Facilitated discussions during the conference covered a variety of issues including an economic update, current trends in social media, the negative impacts of human trafficking in our communities and the dark side of cyber security.

Today, CSA Executive Director Craig Sullivan participated in a panel with Ken Strobeck, Executive Director of the League of Arizona Cities and Towns to provide an update for ACMA members on legislative issues, including an overview of the 2016 legislative session, the successful coalition efforts on PSPRS reform and the ongoing impact of the 1% issue.

The Arizona City/County Management Association was established in 1954. It is a non-profit, professional organization dedicated to increasing the knowledge and ability of city, town and county managers, as well as other local government administrators. The organization also aims to strengthen the quality of local government in the state of Arizona through professional management, education, training and the mutual exchange of information.

## 2016 Gabe Zimmerman Awards Honor Three County Officials

This week the 2016 Gabe Zimmerman Public Service Awards were announced at the Arizona City/County Management Association (ACMA) conference and three county officials were honored. The awards are a statewide competition created to recognize non-elected public servants.

- Tom Manos, former Maricopa County Manager, was honored as the winner of the 2016 Gabe Zimmerman Civic Leader Award. Mr. Manos was appointed as Maricopa County manager in 2012. His commitment to others began with service in the Peace Corps in Liberia, employment with the county beginning in 1984, and budgetary assistance to two Arizona governors. He also co-managed Maricopa County's Human Services Campus, which provides numerous services to homeless people, a passion of Mr. Manos.
- Janet Regner, the Community Services Director for Coconino County, was honored as the winner of the 2016 Gabe Zimmerman Community Builder Award. Prior to her appointment in Coconino County, she served as a Senior Partner with Husk Partners. Ms. Regner currently serves on the Executive Board of The Hopi Education Endowment Fund, and is a member of the Arizona Judicial Council.
- Andrés Cano, Special Staff Assistant to Pima County District 5 Supervisor Richard Elías, was honored as the winner of the 2016 Gabe Zimmerman Emerging Leader Award. Mr. Cano started working as a Pima County Summer Youth Program Intern when he was just 14 years old and in 2012 he returned to work in the District 5 office. He serves as Vice Chair of Planned Parenthood Arizona's statewide board of directors and he is the Chair of Tucson's National Latino AIDS Awareness Day Planning Committee.

The awards are named in honor of Gabrielle Gifford's director of community outreach who lost his life on January 8, 2011, while serving the citizens of Arizona. In addition to the support from the Zimmerman family, the 2016 Gabe Zimmerman Public Service Awards are sponsored by the Center for the Future of Arizona, the Arizona Department of Administration, the County Supervisors Association of Arizona, the Inter Tribal Council of Arizona, Incorporated and the League of Arizona Cities and Towns.

Year-to-date sales tax collections increased 2.9 percent from the prior year, the slowest growth rate since 2011. ## This Week in Arizona History...

On July 21, 1901, Burton C. Mossman (*pictured*) was named captain of the Arizona Rangers and authorized to raise a company of 10 or 12 men to hunt cattle rustlers and other criminals.

The rangers, many of whom in the early years were veterans of Theodore Roosevelt's Rough Riders, were skilled horsemen, trackers and marksmen. Though originally intended to be covert, the group became widely publicized and conspicuous, they sported their badges boldly and were distinctively well-armed.

This webinar will examine the U.S. Commerce Department's National Institute of Standards and Technology's (NIST) Community Resilience Planning Guide for Buildings and Infrastructure Systems, and how counties can benefit from its practical six-step process. Natural, technological, and human-caused hazards take a high toll on communities, but the costs in lives, livelihoods and quality of life can be reduced through improved management of disaster risks.
